

Dear Kang's Students and Families,

As we are now in the last four months at the South Hills location on N. Highland Rd. there are some uncertainties about the future of this studio I want to make clear. The ownership of the building has stated in the past they expect to substantially increase our rent to an amount I cannot absorb as a business owner and I am not willing to pass to you in the form of higher tuition solely for the benefit of the landlord. I am in the process of negotiations for our current South Hills studio as well as looking into a possible new space, and other options. We are making preparations at Canonsburg studio to accommodate all the Kang's Programs in one location if we can't find a suitable spot in the South Hills.

If you have questions please contact me. E-mail kangblackbeltacademy@verizon.net
